Dear Dr. Von Braun:

Regarding your discussion on T-V of the acres or square miles of faceted metal in space to act as a reflective mirror to control heat, weather, etc., the Bible has pre-empted the European physicists' concept thusly - thousands of years ago -

"Hast thou with Him spread out the sky, which is strong, and as a heavy metal mirror? (or as a molten looking glass?" Job. 37: 18. Also the laser light reflector you left on the moon - "And now (men) see not the bright light which is in the clouds, but the wind passeth - and cleanseth them." Job 37: 21

This bright light is the key to the universe - let there be light" - because if you can discern the answer to this question you love it:

"By what way is the light parted which scattereth the east wind upon the earth?" Job 38: 24
(Jesus said I am - the way).

If you as a great scientist will look over two ^{or more} chapters
at least of Job in the Holy Word - chapters 37, 38
39, 40, and 41, and apply your scientific knowledge
to the verses here, you can save our nation.

Consider the Great Pyramid at Gizeh as the first
second point for the laser beam you mention or
others mentioned. This great structure built by the
Architect of the Universe holds the secret of the Pluade
and Aleyone, and solar measurements, but more
importantly, it refers to Christ - and the capstone
worthy to be placed on its summit - a sapphire
3 feet high - a cornerstone the same shape as the
rest of the building refers to Christ. This is on the
great seal of the USA, and on the dollar bill and
this is how God is going to bring this nation into
His priesthood to serve Him - as a temple to the

To consider the Pyramid - it is in the earth's center.

Can't then find the secret influence of the Pleiades? - Job 38:31

The dividing of the continents is mentioned satirically and concisely - the fifth (number of division) generation after the flood "into Eber were born two sons; for in his days was the earth divided" Genesis 10:25

There shall be "abundance of peace as long as the moon endureth" Psalm ~~72~~ 72:7

"He shall have dominion." Israel's calendar today is based on the moon. The ordinances of the night and the day - the sun and the moon - have not departed from God, but are His proof that Israel will endure forever. Behold my people are at hand to come home." These are facts in the world. Israel has entered on her critical priesthood - 20 years a nation.

God almighty has tolerated your remarks from your so great intellect that your feat in retrieving men from the moon is equivalent to crawling out of the ooze. If you persist in such thought, "indeed under the smooth stones of the stream is Thy portion" (Isaiah 57:6) The USA is Ephraim. The blessings of Joseph - the two-horned unicorn (church and state) are ours.

And you have the weight of the pendulum in your

In fact, you could investigate these Bible points along with your scientific knowledge, and I have no doubt the Mighty God (who hath been His counsellor?) could give you the secrets to bring food and rain to the world. Rain rain and spiritual rain.

I believe in the actual the sky as a mirror works with the sea and it all has something to do with salt. Indeed these parallels and analogies exist all through the fabric of our world - Jesus said, "ye are the salt of the earth;" and we do know the hungry, underfed, under-developed are those nations "who know not Christ" *no salt* the rain, and the rain - and Israel's land will be green again as they come back, and God will open rivers in high places.

The ice locked north and south of our globe were
 judgments for the spiritual which result in judgment
 for the physical; and this is the cause of earthquakes.
 This ice - the Equator compensated for it - tilted
 the earth - but "the whole creation groans and

The fear of the Lord is the beginning of wisdom.

What would your exultation be today if the God of Israel had withdrawn the breath of the one cucking to come pick up the others? Between the Gulf and home and amid the waste, the American people would be hitting you in the face with pickaxe and shovel.

Consider the sharks waiting! God can call them - or call them off. I will hiss for the Fly. Hissing - the voice of the almighty. The secret place of thunder - the wind starting - the voice of the Almighty.
